

FARM FOLLOWS FUNCTION

Hive Urban Farms X Manchester School of Architecture

Agenda

Farm Follows Function aims to explore how we can minimise environmental impact and reduce the carbon footprint of food production through the local growing of produce in cities.

By holding a design charrette we will be investigating the future of urban farming in Manchester City Centre and creating detailed designs of a 'Super Farm' for Hive's future Expansion.

Skills

Gaining knowledge of the background and importance of urban farming and be at the forefront of this emerging discipline.

Mapping, sketching, concept design, shipping container design, adobe suite including photoshop and indesign.

Co-Ordinators

Eleanor Strange
Aniela Migasiuk
Patrick Millar
Shaw Labrianidis
Mike Rostock
Yitian Liao
