

# MANCHESTER SCHOOL OF ARCHITECTURE

# THE RIGHT SPACE

## AGENDA

The Right Space project is aiming to design a recreational space in St. Cuthberts Primary School that would encourage interaction and create awareness of 'Rights of the child'. And we will be visiting a playful park to get inspiration and ideas towards the project.

It is an intervention that provides **EDUCATION, ENGAGEMENT** and **VALUES** for all pupils.

## SKILLS

- Sketching
- Drawing
- Visual rendering
