

CENTRE STAGE

In Collaboration with North West
Theatre Arts Company

AGENDA

Using both our backgrounds in *design* and *drawing*, we aim to assist *NTWAC* in a lottery style bid to design a *New Theatre* and *Community Hub* in *Moston*.

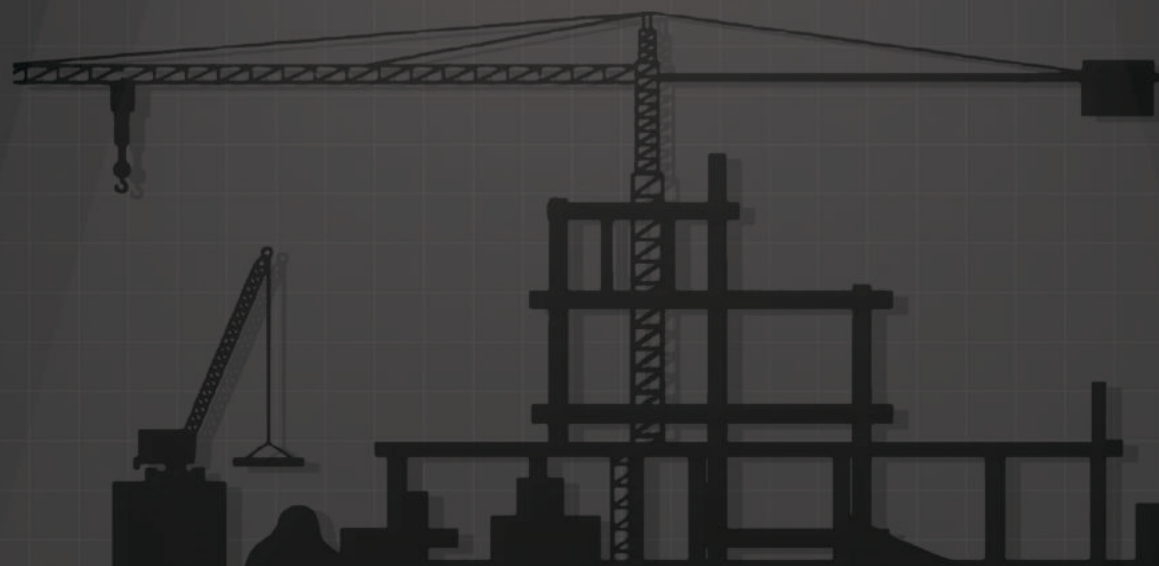

This event gives us the opportunity to be involved in a *live project* that will be built, as well as engaging with *initial stage* and *concept stage design* in practice alongside a *qualified RIBA architect*.

PRODUCTION

We will produce a *feasibility style publication* of initial concepts with x2 *interior and exterior visuals* as well as a number visuals showing the final design at the end.

SKILLS

You will learn how to *compose* and *illustrate* designs through *visuals* as well as how to show *design development* in a portfolio style.
