

# MANCHESTER SCHOOL OF ARCHITECTURE

## “Making What’s Closed Open”

Collaboration with the ‘Our Town Hall’ project to explore ways the public can engage with the Manchester Town Hall. We are proposing a new form of advertisement focusing on the youth through Town Hall paper toys and interactive model building workshops. We aim to once again make the Town Hall the focal point of the city.

If you’d like to:

- Explore social values of Manchester Town Hall
- Engage with and teach kids
- Design a tetrisceptional model
- Improve computer skills (InDesign, Photoshop, Autocad)

This project is for you!
