

MANCHESTER SCHOOL OF ARCHITECTURE

AGENDA

In collaboration with activist group 'Trees, Not Cars', we aim to raise awareness around the topic of gentrification, illegal levels of air pollution and a loss of potential communal space in Ancoats.

The output of this project is to produce alternate masterplans of the site, to counter the council's proposal. We aim to find creative ways to promote these masterplans in various mediums, designed primarily for social media platforms.

TEAM

Jad Choucair (InfraSpace)
Kiran Milton (&Architecture)
Cezara Misca (LULU)
Reiji Nagaoka (CPU)
Kelly - Louise Ward (InfraSpace)

SKILLS

Master-planning
Community Involvement
Visual Communication (Enscape,
Photoshop, Illustrator, Indesign)
3D Modelling (Sketchup, Rhino, Revit)

TREES, NOT CARS
