AGENDA

Bringing together young artists, architects and the wider community, we wish to create a space for youth to bring their works to life. Our agenda is to provide proposals for a flexible exhibition gallery for all young artists. We will work with a Grade II listed former school for the duration of our Event. This is your chance to work in a potential live project and to express your own artistic approaches. The final output will be a publication that will be a useful material for TASC to further develop the project.
