ROCHDALE REVIVAL

Zichen Li . Yilin Zeng . Sze Jin Lee . Theo Fisher . Beena Nouri . Yifan He

The skills that will be developed in this project are:

Software tutorials. Sketchup. Photoshop. Sketching. Concept design development. Diagramming. Community engagement.

MSA . Rochdale Development Agency . Heritage England . St John the Baptist Church Rochdale

This project is a collaboration with St. John the Baptist RC Church in Rochdale, Rochdale Development Agency and the Heritage Schools Programme. The church has applied for funding to carry out repairs to the building and they are looking for ideas on how to help breathe new life into a historic building, rich in heritage, while also engaging the community. The proposals will help to support the ongoing community work in the area which already includes work with refugees and asylum seekers.
