

MANCHESTER SCHOOL OF ARCHITECTURE

Skills

Enhancing your existing skills towards designing an interactive mural pavilion whilst working with children from Shenzhen & Manchester.

Presentation, Photoshop, InDesign, Illustrator, Rhino, Sketchup

Agenda

Exploring the theme of community through children's perspectives in rejuvenating Manchester into a child-friendly built environment. Designing to promote the **inclusion** of cultures and the **exchange** of ideas through an **interactive mural pavilion**, with consideration for future construction. Supporting **Manchester's Year of the Child**, encouraging **children** to **co-design** artwork between the two cities for the pavilion, to bring an understanding of the diverse cultures.
