

MANCHESTER SCHOOL OF ARCHITECTURE

Agenda

Manchester School of Architecture's live project 2022 looks into collaborating with the Environmental charity, City of Tree. The aim is to contribute to Barnfield Park as a locality, whilst conserving and enhancing its heritage assets, for the benefit of the community and visitors. Participating students will engage in the live project by doing data analysis, mapping existing urban conditions, and proposing small-scale design interventions to transform the larger urban context.

Skills

The participating students will use media ranging from sketching to digital softwares to showcase the design ideas and research.

Team

Hanna Batrisya binti Che Zulhikam
Jack Garforth
Mohamad Danial Haziq bin Mohd Hamdan
Shaan Singh
Shiwen Ng
