

# MANCHESTER SCHOOL OF ARCHITECTURE

## AGENDA

The well-loved Levenshulme South railway station will be restored/transformed into Station Green; a destination cycle café-cum-bar and bike repair shop with a great public space for events and an urban garden for all to enjoy. *We will be leaving our mark on Station Green, the up-and-coming place to be – by building our own furniture!* We aim for the furniture to be practical to be used in many ways while also encouraging interactions and chance encounters, which helps to foster a strong community.

## PARTNER

Station South CIC

## TEAM

Amizatul  
Dalila Nadzri  
Norzafeera  
Songchuan Yang

## SKILLS

Furniture making  
Ergonomics study  
Sketching  
Design Exploration  
SketchUp  
Visual rendering  
Photoshop  
InDesign
