The team.
Samuel Watts
Rhiannon Woodford
Amira Batrisyia
Jiaqi Zhang
Hugo Lam
Nurliyana

Skills.

- Conceptual sketching
- 3D modelling

(Rhino/ Sketchup)

- Rendering

- Presentation

(Photoshop/ Indesign)

Agenda.

Our site is the grounds of the grade II* listed Lymm Hall in Warrington. The brief is to design and visualize a new-build bothy within an existing berry orchard. The grounds were originally designed by the distinguished landscape architect - Edward Kemp, and incorporate a listed moat, icehouse and historic cock-fighting pits, as well as the bothy. We aim to produce a series of conceptual designs that re-imagine and adapt these other unique spaces.
