MOTHERSHIPON:

GROW AND PLAY

Join us in developing the next step in the Mothershippon Adventures! Situated in rural Ellesmere, the Mothershippon is an inclusive art's space for all sorts of creative brilliance. We will be looking to develop a green pavilion for the growing of craft materials. As well as developing temporary "play-structures" to enrich the children's courtyard. So come along and let's unravel the next step in their adventure. To the Mothershippon!
