SAVING HEIGHTS!

Visit msa.ac.uk for more information

Working in partnership with Salford City Council, we need YOUR HELP to revitalise a dilapidated youth association building on the outskirts of the city centre. As part of **Saving Heights** you'll be helping to create a design package that will potentially be used to draw charitable funding towards renovation and offer a real-world impact. Expect an exciting two weeks of digital design, model making, collaging and more!
