

MANCHESTER SCHOOL OF ARCHITECTURE

Heaton Mersey Village Conservation Group (HMVCG) is powered by the energy of dedicated volunteers, tending to greens and orchestrating events that ignite community spirit. With the introduction of their whimsical dog-themed sculpture trail, they are set to transform the pavilion into a lively hub! We're rallying for your support to craft a dynamic space, where innovation and enthusiasm converge. Join our student-led team as we reimagine spaces and breathe life into the park and its pavilion. Together, let's fashion a flexible design that meet their needs and create a graphic map for the Mersey greens!

MERSEY GREEN

Skills

- Photoshop
- Illustrator
- Sketchup
- Enscape
- AutoCad

Team

Maiwenn Le Berre
Rodrigo Urquiza Garcia
Cem Tole
