

# MANCHESTER SCHOOL OF ARCHITECTURE

## BY RURAL ART HUB

Ever dreamed of building something extraordinary? Something that sparks creativity, invites the community to express themselves, and brings public art to life? Welcome to the Possibility Machine—a project designed to push the limits of imagination and innovation!

We're creating a *modular, interactive trolley* that will roam the streets, transforming spaces into *hubs of artistic expression*. Think of it as a traveling canvas, a moving stage, a *machine of endless possibilities!* But we need *builders, makers, and dreamers* like **YOU** to bring it to life!
