COMMUNITY WAVES

Community Waves is an exciting collaboration with Manchester-based Radio Diamond. This volunteer-run station is a vital part of Moss Side's community, allowing young people to develop broadcasting and sound recording skills. The station provides a platform to boost self-esteem amongst those from disadvantaged backgrounds, with educational needs, and with health issues. Our project aims to increase awareness of the station's positive impact and to raise money to pay for their annual DAB licence, thus increasing their listeners and sponsors.
