TalkShop is an initiative dedicated to the redesign and revitaliation of the primary hub for Trafford Youth Service, transforming an underutilised space into a vibrant, youth friendly environment. Located in Sale Town Center near the canal, the project aims to renovate the building to make it more accessible, welcoming, and practical for the local community. This project is driven by collaboration with young people, aged 11-19 to create a safe space supporting diverse needs, from casual social hangouts to LGBTQ+ support and sexual health resources.
